

ECL YOUTH AMBASSADORS

for the European Code Against Cancer

Founded in 2012 within the EU Joint Action European Partnership Action Against Cancer (EPAAC), the ECL Youth Ambassadors for the European Code Against Cancer (ECAC) network bring together highly motivated young people from more than 30 different countries across Europe. They all share a deep conviction that cancer can be prevented by following the 12 messages of the ECAC.

MAP of IMPACT

 **42 Youth Ambassadors**

 **34 countries**

 **Europe WHO Region**

During 2018

83

ACTIONS

promoting the
ECAC

 **80**
Individual Actions
