A key international awareness week on the health calendar, The European Week Against Cancer (EWAC) takes place every year between 25 and 31 May to unite Europe in the fight against cancer, under the one banner.

During EWAC, individuals, organisations and governments across Europe organise various virtual activities and events aimed at raising awareness and educating the wider public about cancer and cancer issues.

EWAC is organised by the Association of Cancer Leagues (ECL), in collaboration with its member leagues and partners across Europe. During EWAC, all public, private and non-profit organisations in the cancer community are encouraged to organise virtual events, promote relevant publications and projects, as well as make use of our communication materials.

What is ECL trying to achieve during #EWAC2021?

In 2021, ECL’s EWAC campaign will highlight and focus on shaping the implementation of Europe’s Beating Cancer Plan (#EUCancerPlan) - a flagship initiative of the European Commission in the 2019-2024 legislative term.

During #EWAC2021, ECL will seek to:
• raise awareness about the flagship initiatives and supporting actions outlined in Europe’s Beating Cancer Plan;
• promote cancer leagues’ recommendations for ensuring the Plan’s implementation works for patients and meets the needs identified by European cancer societies.

SUPER SUPPORTER'S PLAN

If you have the enough time, energy and enthusiasm, in addition to the activities described on page 6 and 7, we encourage cancer organisations to get in touch with their members, regional affiliates and partners to create further awareness about #EWAC2021 and #EUCancerPlan. Here is how you can do it!

1. Get busy on social media

Throughout #EWAC2021, use EWAC's logo on your own posts and content. Share stories, best practices, publications and events connected to different cancer issues.

Make use of our social media cards. A social media calendar, including ready-made messages for each of the 7 days of #EWAC2021 and visuals, will be available soon.

2. Translate and promote cancer leagues' recommendations for the implementation of #EUCancerPlan on social media

Cancer leagues wishing to translate our social media cards can email us your organisation’s logos and the translated text and we will design the cards for you. More cards will be added soon!
3. Organise an online meeting or a webinar

Connect with your members, supporters and partners during #EWAC2021! This is a great opportunity for you to showcase your efforts to influence the implementation of #EUCancerPlan at the national and regional level, as well as get feedback and help from the community to amplify your voice locally.

4. Send a letter to national decision-makers with ECL's/your recommendations for the implementation of Europe's Beating Cancer Plan

EWAC is the perfect time to reach out to national decision-makers regarding your (and ECL's) priorities for the implementation of #EUCancerPlan. You can use this template letter. You can also reach out to your MPs, MEPs and national agencies for public health, medicines, HTA, employment etc.

5. Take part in other activities facilitated by ECL

Join ECL's policy dialogue on the Revision of the EU regulations on medicines for children and rare diseases on 20 May from 12:00 - 13:30 CEST.

Join ESMO's webinar on the GDPR and its impact on clinical research on 21 May from 13:00 - 15:30 CEST supported by the MAC interest group.
